SUPERVISOR'S REPORT

- Last meeting Bill mentioned that there were 2 electrical meters off of the Cedar Grove/M80 sign. One of the meters is for a pump house and the other one is not being used. I had that one shut off; we will be looking at solar lights for the sign.
- Fall Fest seemed to be very successful. There were around 200 people and several vendors.
- The next meeting, I will have some information from ATC. They are the company putting in the light posts for Cloverland.
- The campgrounds are officially closed. RV West was pretty full for the most of the year. I will get with Mike Hoolsema to see what we have made and potentially look into new electrical for the upcoming years. Paula Moody and her husband are not coming back next year, so we will be posting for a few camp host.
- Spectrum has been taking a while for our services. I am working with a regional manager and we do have phones now. Hopefully soon we will be back up and running and no longer having issues with the phone or accessing voicemails.
