Kinross appoints Township Manager

Kinross, Michigan, May 26, 2006 – The Kinross Charter Township Board voted at its May 15th meeting to appoint Joe Paczkowski as Township Manager. Joe was serving as the Township as Deputy Supervisor.

The Township manager is a permeate position that was initiated to bring long term stability to the Township. "This position will bring continuity to Board projects" said Trustee Dan Mitchell. "We need someone to follow up and organize projects from one elected administration to another. A lot of the problems we encountered after the last election will be addressed in the future when new elected officials are seated." "This is something that the Township has needed for a long time" said Trustee Fred McClendon. "Our Township has suffered financial loss because things slipped through the cracks and did not get followed up on. I look forward to Joe following up on the Boards actions and keeping things up to date."

Joe Paczkowski has over 26 years of experience serving elected officials in one capacity or another. He has worked in the past for the Michigan House of Representatives and is very familiar with the Federal, State and Local Government processes. "I feel Joe is very qualified for the job" said Trustee Wayne Donaway. He has proven in the past 2 years that he very capable and has brought computer technology skills to the community that we were in need of."
